10 out of 19 Accepted Jesus in Senegal

Senegal—Ptr. Moustapha
5/5/06

Ptr. Moustapha and his flock of believers targeted an area in the city where they shared the Gospel with 19 people. Out of those 19 people, 10 accepted Christ

He is currently preparing a baptism for the new believers this summer.

Right now he is discipling them, so they will become soaked in the life of Jesus, saturated with the Word of God. This is only a small sample of the large impact the believers we are working with in Senegal are making there. Please pray for them.

Drunkards meet Jesus and are totally Changed!

Kenya-(Beatrice) 5/12/06

On May 12, 2006, we received a letter from Beatrice, one of the young ministers in Kenya, which we have the joy to mentor as a daughter in the Lord. We desire to give financial support in ministry as soon as possible. In the meantime, she is using her small resources to spread the Good News and God's great love in

every way she can.

She said, "I am blessed and highly favored this evening. God is so good in the slums here. I went door to door and God gave me favor in the slums to preach. More than 15 drunkards came to the Lord." Later, while they were in a prayer meeting, a drunk woman came and asked Bea how

she could become like those other changed drunkards. She accepted Jesus as her Lord and Savior and was in church the next Sunday service. Please pray for them.

She also started a foster care program for orphans. In a village outside Nairobi where the need is very great.

God is doing exciting things in Bhutan!!!

Bhutan, Bro. Lohan* 3/18/06
*(name changed for his protection)

What joy to receive Bro. Lohan's exciting news of what God is doing in Bhutan and about the privilege to share these blessings with you because you are equally part of what they are doing there in frontline ministry in Bhutan, a country, who's government is NOT open to the Gospel. Hallelujah!! God is good!!

"The past few months have been really busy going around from place to place, sharing Christ and His love through house visitation, personal evangelism, praying for the sick, praying for broken families, providing what little resources they have like food, clothes etc. In ALL of the ministries God encouraged us, challenged us, equipped us, taught us, and provided for us," said Lohan. In each place they were able to start a prayer fellowship every month and in some places every week.

They had opportunities to share Christ with 4 Muslims out of which two women accepted the Lord as their personal Lord and Savior and made a confession prayer.

"In 'Machay busty' (name of a place) we shared the Gospel with 3 people, one of them accepted the Lord. They were all from a Hindu background."

They shared among Buddhist's, too. Four heard about the living God and 3 of the 4 accepted Christ as their Lord and Savior. They shared among "sahi dharma" (a kind of religion there). One lady, originally from Nepal, came to the Lord.

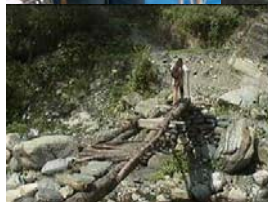

Lohan and his family went to Gelephu, Bhutan where they shared the Gospel with many people. Some of them accepted the Lord as their personal Savior. "On the journey my Mother encountered a Buddhist woman," Lohan related. "She started preaching. That day she received salvation of our Lord when she confessed and accepted the Lord."

"When she went to Lakitar, Bhutan, we

went to a small fellowship that is alive in this place. There God used us to share our life testimony and God's call to the believers there who were challenged and encouraged. God worked in a mighty way, which brought repentance and restoration of the fellowship as it was broken," said Lohan.

Left: Leading praise and worship
Below: Bhutan terrain & crude bridge on path to minister in remote village.

They also went to Bhur, Bhutan where they had an opportunity to share Christ to one man on their way. It was so amazing! God had already prepared his heart and as they shared Christ, instantly he repented and prayed through the confession and received the salvation of our Lord. They encouraged him to join the fellowship. Now we heard that he is faithfully going to prayer fellowship.

When they were about to return back to their hometown, they met one Hindu man, which they had the privilege of sharing Christ's love with. He is considering re-

ceiving Christ. They are in contact with him, telling him more about Christ, preparing to lead him into prayer fellowship.

Everywhere they went they had prayer time for the sick people and God worked miracles, one of which is a girl name MAYA. She was delivered from a sickness which she had for more than 10 years,. God totally healed her.

In each place they went they set up prayer fellowships. It is so amazing that even non-Christians are joining in the prayer fellowships. We believe that this prayer meeting itself is an evangelism center. At the end of every month they join those small groups in different areas. Some places are really far from where they live and some places are difficult but praise God for He is able and makes it possible.

The Structure of prayer fellowships:
Prayer
Bible Exposition and Study
Encouragement

Pray for the needs of the people
Opportunities to receive salvation.
At the end: Refreshment snacks or sometimes a meal depending on provision.

This month they are concentrating on one of the most poor and illiterate people, called "Adibashi Area." These people need the Gospel with food and clothes.

Lohan says, "We need your constant prayer and support. We have a great world out here to reach and it is only possible when we join our hearts for His call. Please pray for the small groups and the prayer meetings we have set up many places that God would protect and use this as a tool to bring people into His Kingdom.

THANK YOU SO MUCH FOR YOUR PRAYER, SUPPORT AND YOUR ENCOURAGEMENTS....WE ARE TRULY CONNECTED TO DO WHAT GOD HAS CALLED US TO DO AND TO "REACH THE LOST WITH CHRIST'S LOVE THROUGH VARIOUS WAYS."

Bring love, hope and a future to a hurting child!

AGMOT-Kenya (Founded by Zaq Kamau)
Children Needing
Sponsors

Vyrate Purity Wanjiku (5 yrs.) was born November 11, 2001. She was born out of wedlock, under the care of her single mother. Her grandparents are both dead, which makes her situation harder because her mother is caring for five more siblings left under her care. Agmot-Kenya is currently taking care of her

nursery education funds, but cannot support her primary school education and general upkeep due to lack of finances. Any support offered towards changing the pathetic situation that Vyrate is undergoing will be a highly appreciated blessing.

Support can be sent through Life Aid Foundation.

Grace Wanjiru (5 yrs.) was born Feb. 20, 2001. She comes from a very poor family of 6 in the

village of Nakuru, Kenya. Her single mother is a victim of Mau- Narok tribal clashes where Grace's father was killed. Grace began her education very late due to lack of school fees. Agmot-Kenya enrolled her in Agape Nursery school this year and she is among the 15 children that Agmot -Kenya is taking care of with the junior education fund.

Any help you'd like to give to improve the terrible situation that Grace is facing will be most appreciated. Support can be sent through Life Aid foundation. You can sponsor one of these children at \$5 - \$15/mo. Please put their name on the memo line.

Exciting Children's Evangelism Projects in Tanzania!

Pastor Peter Paul Ndelwa on left.

In March, 2006, Ptr. Peter shared with us an exciting plan that God gave him to help the young people in his area and win them to Christ. He recently moved to a new location, among a very poor people, to plant a church, and the people are responding very much, in big numbers. Here is the plan.

- He is gathering 50 young men to teach them English, Bible lessons, and train them in soccer (called football there).
- He is also gathering 50 young girls, teaching them English, Bible lessons, and training them in tailoring. For the girls he has one sewing machine to start with. He is moving in faith knowing that one-day every thing will be ok.
- He is also gathering many children on Saturday to teach them the Word of God, to help them grow in the Lord.

The response is very good, and we can see this as an easier way of winning these precious

souls for Jesus Christ.

The challenge is big, so we decided to share this awesome plan with you, so you would have the opportunity to help any way God lays it on your heart. Your prayers for this ministry are extremely important.

Ptr. Paul's asked us all to pray with him for these things.

- *To give Swahili Bibles to the children
- *To have teaching materials for English.
- *To have more sewing machines for the girls classes.
- *For the children's club, they need children's videotapes to show them. Currently, they have only one Jesus video.
- *The boys need enough balls, sport shoes, and bags.

This method is already proving quite successful. If you feel led to donate for this project, please let us know or send a check or M.O. to LIFE Aid Foundation, P.O. Box 1886, Bonners Ferry, ID 83805 Mailing packages to any country in Africa is extremely costly, but we can send money through IKOBO quite reasonably and safely.

It is so awesome to see people responding to the call of salvation. The harvest is plentiful, but the workers are few. Please pray for believers to train.

Tumaini and Magdalena

Tumaini and Magdalena, are young single women who are working together to answer the call God has put on their lives and we want to help them. They started a school and children's club, January, 2005, to help the children of the area get an education and hear about Jesus. They managed to buy and make some materials for the children from their meager salaries. They started with 3 kids and now have 20 children in school and 70 attending the children's club. Some of them are Muslims. Tumaini is teaching the school and Magdalena using her salary for both of them and school building rent and supplies, but the need is much bigger than the amount of money they can spare from the check from one income. Magdalena gets only \$90 per month. Now, many of the children have started going to Sunday School. Even the Muslim children are telling their parents that Jesus will heal them and He has.

Missions Statement

We endeavor to provide charitable services to the public in the areas of funding for learning and language education, provide food for the hungry, shelter for the homeless, empower and assist the underprivileged, provide meaningful work for those in need, inspire and inform people of ways to improve and make a positive difference in their own lives and others around them. We believe it does little good just to talk about the injustices and poverty in our world unless we are willing to do something to make a positive difference in people's daily lives. We do all as unto our Lord and Savior, Jesus Christ.

At LIFE Aid Foundation, we endeavor to follow the guidelines found in Matthew 25:35, 36 & 40 (NIV) where Jesus said, "For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me....The King will reply, ' I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'"

Isaiah 58:6-9 (NIV)

"Is not this the kind of fasting I have chosen; to loose the chains of injustice and untie the cords of the yoke, to set the oppressed free and break every yoke? Is it not to share your food with the hungry and to provide the poor wanderer with shelter—when you see the naked, to clothe him, and not to turn away from your own flesh and blood? **Then your light will break forth like the dawn, and your healing will quickly appear; then your righteousness will go before you, and the glory of the Lord will be your rear guard. Then you will call, and the Lord will answer; you will cry for help, and he will say: Here am I."**

Finally in America

An Article by Zaq Kamau after arriving in the USA May 1st, 2006

A couple of weeks ago, I was writing a love poem to my wife, Shii, back in Kenya. In the middle of it, my mind flashed back to the journey of my life since I gave my life to Christ. God has been working miracles and wonders in my life in a very mysterious and awesome way. One of those is to be here in the United States today. It was only the hand of God, which is considered foolishness by unbelievers.

If it was all about qualifications, human knowledge, or favor, I wouldn't have found my way here. I met Mike and Londa through the internet, just like any other international friend of mine. This happened exactly 1 year before I knew I would get an immigrant visa to the states. We became acquainted with each other, sharing and encouraging each other with the Scriptures, so when I won the green card lottery and got the visa, I informed them, and they invited me to stay with them till I could settle down.

This is the most humble and God fearing fam-

ily that I have met. They have made my stay in America very great and comfortable. Their sons, Daniel and Jonathan, have been teaching me a lot of American games as well as enlightening me with the other side of western life that you don't know, unless you mingle a lot with the natives. Though I am missing my wife and family a lot, I am feeling so much at home, to live with this Christian family. If only all the Christians in the world were like them, exercising the true Christian values, then we would all be one great united family.

Mike and Londa have been introducing me to the work they have been doing in Life Aid Foundation. It is amazing how they have devoted their time and resources to accomplish the great commission. Reaching the whole world with the light through you and me is their vision. Please continue to pray with them, trusting God for a financial breakthrough to make this vision and others a reality.

Thank you so much for your prayers during my journey to America and in my stay here. I

Zaq, with Mike & Londa's daughter, Rachel and son, Jonathan in Bonnors Ferry, ID

love you all so much, and I pray for you and your ministries. God is the provider, he knows every need and he sees every situation. He is willing to provide for all our needs according to his riches in

heaven and he will provide soon. We only need to trust and hope in God.

Blessings!

Zaq.
